

Craft cares about your health.

We at Craft Homes care about your health and take **COVID-19** extremely seriously. And, although our business is still up and running, we have made some considered changes to how we do things in order to minimize your chance of exposure to the virus.

All Craft Home show days will be by appointment only.

Appointments and meetings can now conveniently be implemented online via platforms like Microsoft Teams, Google Hangouts, or Zoom.

But, if you'd like to visit one of our lovely homes in person, on-site appointments are still available. With this in mind, we have taken several precautions to better ensure your safety when visiting us. These are as follows:

- On-site hand sanitisers
- Daily cleaning of the show unit and/or sales office
- Maintaining a minimum distance of 2 meters between the client and agent

As an additional precautionary measure, our agents will also be asking clients the following questions:

1. Have you returned from any high-risk countries in the last 14 days?
2. Have you been in contact with any person who has travelled to any high-risk country recently?
3. Do you have any symptoms of the COVID-19 virus?

All up-and-coming developments will be launched online and we are available by appointment.

Further adapting to the current circumstances, we will no longer be hosting on-site launches of new developments. Instead, these will all be hosted online, allowing you to conveniently reserve units from the comfort of your home or office. And, should you want to, we will also be available to meet you by appointment.

Contracts can now be signed digitally.

Another way in which we can minimise exposure, is to send contracts digitally where you can print and sign them. However, if you'd rather do this in person, we'd be happy to arrange a signing by appointment.

We are committed to keep everyone informed should circumstances change. In the meantime, we recommend everyone continue to wash their hands regularly and avoid large groups of people.

For more information, please don't hesitate to contact us on **08600 272 38** or email any queries you may have to **info@crafthomes.co.za**

We sincerely hope that everyone will stay safe, have a positive disposition and spread kindness in these challenging times.

Caring regards,

The Craft Homes Team
